*Reuniting the creative team behind THE RED ROOM (2009 Herald Devil Award, Total Theatre Commendation) LAST ORDERS is an enthralling new work of dance theatre inspired by the bloody myth of Sawney Bean, the legendary 16th century Scottish cannibal, and his cursed incestuous and multigenerational tribe of relentless killers. It is a hallucinatory journey down the rabbit-hole, through subterranean caves and derelict nightclubs, to a radically different and unstable world of corrupted innocence where nothing is quite what it seems.*

Created in Association with the National Theatre of Scotland, LAST ORDERS is also part of the 2011 MADE IN SCOTLAND and BRITISH COUNCIL SHOWCASE programmes.
